

## PACHECO THINKS POSTMASTERSHIP IS HIS PLUNDER

Henchman of Lincoln L. McCandless Returns Tonight in Manoa and Friends Confident

M. C. Pacheco will return to Honolulu tonight in the Matson steamer Manoa, confident of success in his campaign for postmaster.

News from Pacheco reached a number of his close political friends yesterday in the mail which the Ventura brought, and according to this news Pacheco left Washington less than two weeks ago elated with the prospects of receiving the position which Postmaster William F. Young wishes to leave.

Accompanied by the other delegates to the St. Louis convention, Pacheco went to Washington when the business of the convention was over and waged his campaign for postmastership. He is said to have marshaled considerable political force and to have made quite a fair impression in the capital.

Ever since President Wilson took over, Pacheco has had his heart set on the postmaster's job here. He made a strong, albeit losing, fight for it, Mr. Young, a southerner, winning out.

Pacheco 'Hot After' Job  
The semi-tropical climate not agreeing with his wife, Mr. Young made application last winter for a transfer to some other place in the postal service, and six weeks ago he left for the mainland in company with Judge Stuart, doubtful if he would return.

His leave-taking fired up the old hopes of Pacheco, and ever since he has been 'hot after' the job. Washington reports that Pacheco came there with the other Hawaii delegates to the Democratic convention and that they have all joined together in boosting for him.

L. L. McCandless said last night that Pacheco would return tonight, his Washington campaign at an end, but he would not venture to say whether or not he thought he had the position "cinched."

Winner or loser, Pacheco is sure to come back with an array of accounts of the fight against Governor Pinkham by himself and associates. They fought the Governor openly in Washington, it is said, and at all angles, and Pacheco is not the type of politician to discount or disparage the fruits of his own fighting. So along Launihi street the Democrats are waiting impatiently for the return of their chairman and the yarns he will have to spread.

Letters which Pacheco has sent before him foreshadow somewhat the nature of his stories. For they tell of interviews with men of public affairs and influence in Washington in which the Governor's name figured prominently. The Governor and Pacheco have been at odds almost since the former's inauguration.

**SACRED MOUNTAIN TO BE REFORESTED**  
Denuded Flanks of Mount Taishan To Be Clothed With Trees Once More

(By The Associated Press.)  
TAINANFU, Shantung province, China, July 9.—Mount Taishan, the famous sacred mountain of China where Emperor Shun offered sacrifices to heaven 23 centuries before the Christian Era, is to be reforested through an effort inaugurated by the Chinese department of agriculture and heartily supported by Christian missionaries and Chinese educators.

This sacred mountain, which rises 6,000 feet above the sea level, and has long been sought by tourists because of the wonderful contour of the peak and its historic temples, was denuded centuries ago of trees and its sides have been washed and cut by the freshets no longer checked by trees and grass.

Many trees were planted on the mountain at the time of feast of the tomb this year, which was celebrated as arbor day throughout China. A government official has been stationed here for the express purpose of looking after the afforestation of the mountain and land of forest of land has been planted with seedlings, which will furnish trees to be replanted on the sacred mountain.

**LOS ANGELES MAN WILL SWAP FOR HONOLULU HOME**

Anybody in Hawaii who wants to exchange residence property here for a home near Los Angeles is invited to communicate with the chamber of commerce. By yesterday's mail a letter was received from a property owner in the famous tourist resort of Southern California, who says that after a visit to Honolulu he has decided that Los Angeles isn't in it, and he wants to know if the chamber can help him to swap his home near the City of Angels for a home in the Paradise of the Pacific.

**EXECUTORS OF ESTATE WIN ROY ESTATE SUIT**

Judge Ashford of the circuit court handed down a decision yesterday in favor of the defendants in the case of Caroline Robinson against the executors of the estate of Elizabeth Roy. The suit was on promissory notes, involving about \$1000, and the statute of limitations was pleaded in defense.

## JUDGE STUART MAKES GRAVE CHARGES AGAINST TWO MEMBERS OF CABINET

Secretary Lane and Attorney-General Gregory Accused of Intriguing Against Hawaii

Details were received in yesterday's mail from Washington of the charges which Chief Justice T. B. Stuart is attempting to press against the Pinkham administration here, and against the management of Hawaiian affairs generally. It appears that the secretary of the interior and the United States attorney-general are both included in Judge Stuart's charges. He left a letter at the White House on July 3 in which he declared that the "sugar trust" dominated Hawaii and that in matters of appointments Secretary of the Interior Lane and Attorney-General Gregory had influenced the President against the best interests of the islands.

**Three Appointments Cited**  
Three appointments made by the President, Judge Stuart said in his letter, "have resulted in giving the sugar interests the entire control over patronage of the executive and judicial departments of the Territory." He mentioned the following instances: "The naming of Mr. Pinkham (sugar) as Governor over McCandless, a strong Wilson Democrat. This Mr. Lane caused you to do."

"The naming of Robertson (sugar) as chief justice over Quins, an administration Democrat of high character. This Mr. Gregory caused you to do."

"The naming of Whitney (sugar) as administrator over McCandless, a strong Democrat, as circuit judge. This, also, Mr. Gregory caused you to do."

**Violations Are Charged.**  
Judge Stuart charged that Governor Pinkham, under the direction of Secretary Lane, is in violation of the

## REPUBLICANS OF HAWAII ARE STRICTLY UP AGAINST IT FOR A PLATFORM

Ratification Comes Next Tuesday But What Managers Need Most Now Are 'Principles'

The Republican party of Hawaii is a bit "up against it" for a platform and for earnest party workers, judging by the discussion held yesterday afternoon at a meeting called by Mayor John C. Lane to arrange for a ratification of the nomination of Charles Evans Hughes as candidate for President. The meeting was also to arrange for a territorial platform, but it appeared that there were no particular issues to be presented, as far as the ideas of those present were given. It also appeared that the precinct organizations have deteriorated, and one of the jobs of the territorial central committee will be to wake them up.

**Ratification Next Tuesday.**  
It was decided to hold the ratification on July 18, and a committee was appointed to make the arrangements. A discouraging feature, from a party standpoint, was the report that the point of order was that the precinct clubs are not doing their share in the work of party organization and planning for the coming campaign.

Among those present at the meeting were the mayor, Lorrin Andrews, Senator Charles F. Chillingworth, John Wise, Judge A. S. Mahaulu, Harry Murray, William Thompson, William Gamba, Eli J. Crawford and William J. Sheldon.

As the meeting was about to adjourn Thompson sprang a proposition which promises to cause a fight in the central committee later. He declared that he had strong views regarding the new city charter proposition, and proposed to fight for them in the preparation of the territorial platform. John Wise and Harry Murray both remarked that the matter could be fought to a finish in convention.

Andrews suggested that Delegate

Joseph Mayers, an alleged deserter from Troop F, Fourth Cavalry, was arrested while wearing civilian clothes near the railroad station in Ewa, yesterday afternoon, by Deputy Sheriff John Prestander, who turned the man over to military authorities at Schofield and was refused a "deserter's receipt" for his apprehension, for the reason that Mayers, according to the receiving officer, was not a deserter but was absent without leave.

A description of Mayers, as a deserter from the United States Army, signed by Col. John F. Guilfoyle, commanding the Fourth Cavalry, was received and published by The Advertiser April 11, the day after Mayers had left his post.

A reward of \$50 was offered for his arrest or apprehension by a police officer.

**HEAD OF HONGWANJI MISSION IS HONORED**

Hongwanji Mission Church was crowded last night for a farewell meeting in honor of the Rev. Harry Yabuuchi, high priest of the Hongwanji mission of Japan, who has been spending a couple of months here. Rev. Mr. Yabuuchi has been visiting the United States and Mexico, and stopped here on his way home to inspect the mission work and deliver a course of lectures. He has visited Honolulu, Maui and Kauai. He will leave for Japan in the Shinyo Maru on Friday.

**EXECUTORS OF ESTATE WIN ROY ESTATE SUIT**

Judge Ashford of the circuit court handed down a decision yesterday in favor of the defendants in the case of Caroline Robinson against the executors of the estate of Elizabeth Roy. The suit was on promissory notes, involving about \$1000, and the statute of limitations was pleaded in defense.

tary Lane "has continually violated the acts of congress as to homesteads." He charged that Chief Justice Robertson "has adjudged the poor laborer of the Territory, under which Whitney held a large number of citizens in jail as witnesses, to be constitutional, though your opponent, Justice Hughes, has adjudged a similar law unconstitutional."

"The act of the attorney general, causing you to name Robertson," Judge Stuart's letter alleges, "places you in the position of a champion of poeponage."

The appointment of Governor Pinkham against the opposition of the homesteaders places the President "in the position of the worst enemy the poor homesteaders have ever had," Judge Stuart alleges.

**Attack on Secretary Lane.**  
Judge Stuart made a spirited attack on Secretary Lane. He quoted the secretary as saying the public lands of Hawaii ought to be sold at public auction in large tracts, and if purchase could not be made by Hawaiians he would sell them in San Francisco.

"Mr. Lane is of foreign birth," Judge Stuart's letter said, "whereas lands are held in large estates by titled lords and titled by tenantry. How far does such a system influence his views and actions in reference to our lands, all of which are now virtually subject to his control?"

On account of the conditions outlined, Judge Stuart said he resigned from the bench four months ago, but his resignation was not acted upon. He said he would again place his resignation in the President's hands August 1.

**Many in Other Islands**  
In Kauai there are nearly 400 in the guard, and in Maui and Hawaii about 500 each. As the recruiting for guardsmen goes on, more and more Filipinos are joining the uniform, and simultaneously they may be expected to file their first papers for naturalization.

Three months ago Judge Clemons handed down a decision upholding the right of a Filipino to become an American citizen. The decision was reported that a petition would be made from this decision, and it is understood that the decision was referred to the commissioner of naturalization, Richard K. Campbell. The commissioner, a short time ago, approved the decision.

The import of opening the door to Filipino citizenship, and the rush of the letter to take advantage of the opportunity, is indicated in the last census report, which shows that there are 15,220 Filipinos in the Territory as against 24,120 Hawaiians. It is estimated that of this number there are 7000 men of voting age.

**PIONEER WILL PAY IMMENSE DIVIDEND**  
Directors of Mill Company Recommend To Shareholders Profit Distribution of \$1,000,000

The directors of Pioneer Mill Company met yesterday morning and voted to call a special meeting of the shareholders for July 21. They have recommended a stock dividend of \$1,000,000, and based on stock quotations the plan is worth over \$10,000,000. It is entirely out of debt, having redeemed all outstanding bonds last March. This action of the directors has been predicted for a long time. On the basis of six cent sugar the company will probably pay at least 24 per cent on its enlarged capitalization during the next eighteen months.

Pioneer's official estimate for the crop of 1916 is 30,000 tons. The company's capital stock is now \$4,000,000, and based on stock quotations the plan is worth over \$10,000,000. It is entirely out of debt, having redeemed all outstanding bonds last March. This action of the directors has been predicted for a long time. On the basis of six cent sugar the company will probably pay at least 24 per cent on its enlarged capitalization during the next eighteen months.

**GOVERNOR IS UNDECIDED REGARDING ARMY AUTOS**

While the Governor is willing to let the army officers who own automobiles off as lightly as possible he is going to discuss the question of taxing their automobiles with Territorial Treasurer McCarthy before he makes any move. He declared yesterday that he believes that as the Territory owes much to the many here, "we should be as accommodating as possible, while being reasonable to ourselves."

The question came up no farther in Hawaii, declared I. M. Stainback, territorial attorney-general, and if any appeal is taken at all it must be decided in the federal court of appeals in California, or the United States Supreme Court.

**ILLICIT BOOZE SELLER IS IN TROUBLE AGAIN**

James Fields, of "Bloodtown" notoriety, who, as a convicted illicit vendor of booze has served various prison sentences, and who was released from Oahu prison recently, was again arrested yesterday afternoon, charged with threatening the life of a man named Williams. He will appear for trial in the police court this morning.

Fields approached Williams yesterday afternoon, it is alleged, and after intimating that he, with the assistance of Lieutenant Pennington, was the cause of his prison sentence, threatened to "get" him. Fields was formerly a member of the Twenty-fifth Infantry, stationed at Schofield.

## FIFTEEN HUNDRED FILIPINOS APPLY FOR CITIZENSHIP

'Little Brown Brothers' of National Guard Lead Countrymen For Naturalization

Fifteen hundred Filipinos in the Territory are making a rush for naturalization. Already several scores have filed their first papers, eager to become a voter here with all the rights which go with citizenship.

The decision of Judge Clemons of the United States district court, lately sustained by a ruling of Richard K. Campbell, commissioner on naturalization, has been the signal for the 1500 Filipinos in the national guard to start after citizenship.

The other islands are feeling this sudden movement among the Filipinos considerably more than Oahu, and there is explained in the fact that there are a great many more Filipinos in Maui, Kauai and Hawaii than on this island.

**New Supply of Blanks**  
It was reported yesterday that 500 Filipinos in Maui are ready to file their first papers. Several days ago Victor C. Schoenberg, clerk of the circuit court of Maui, sent a hurry call for more naturalization blanks. His supply was fast running out.

The local district court ran out of blanks also, and just received a fresh supply Tuesday.

Forty-nine Filipinos filed their first papers here last month. Seventeen were to file them yesterday but for some reason or other did not put in an appearance. One can get a good idea of the number who are about to be naturalized from this, as in Oahu there are only about 100 Filipinos in the guard and out of this number approximately two-thirds have taken out first papers.

**Many in Other Islands**  
In Kauai there are nearly 400 in the guard, and in Maui and Hawaii about 500 each. As the recruiting for guardsmen goes on, more and more Filipinos are joining the uniform, and simultaneously they may be expected to file their first papers for naturalization.

Three months ago Judge Clemons handed down a decision upholding the right of a Filipino to become an American citizen. The decision was reported that a petition would be made from this decision, and it is understood that the decision was referred to the commissioner of naturalization, Richard K. Campbell. The commissioner, a short time ago, approved the decision.

The import of opening the door to Filipino citizenship, and the rush of the letter to take advantage of the opportunity, is indicated in the last census report, which shows that there are 15,220 Filipinos in the Territory as against 24,120 Hawaiians. It is estimated that of this number there are 7000 men of voting age.

**PIONEER WILL PAY IMMENSE DIVIDEND**  
Directors of Mill Company Recommend To Shareholders Profit Distribution of \$1,000,000

The directors of Pioneer Mill Company met yesterday morning and voted to call a special meeting of the shareholders for July 21. ## DEUTSCHLAND HAS SISTER CARRIERS

Captain of Submarine Freighter Laughs At Reports That He Was Chased By Enemy

(Concluded from Page 1.)

The Bremen, a sister ship of the Deutschland, is now almost ready to follow across the sea. The idea of a submarine transoceanic commercial service was born in the brain of Alfred Lohmann, president of the Bremen chamber of commerce, who organized a company to realize his dream.

"The displacement of the Deutschland is 2000 tons," he said, "and our speed is more than fourteen knots. We are an unarmored merchantman. Our boats will carry mails safe from British interruption. Our house-flag is the old Bremen flag, with red and white stripes, bearing the coat of arms of the town, with a key in the center, as a sign that we have opened the gates England tried to shut."

Kong laughed at reports that the Deutschland had been chased by enemy cruisers. "During the entire trip the Deutschland traveled submerged only about ninety miles," he said. "We came on a straight course from the English channel, and before that from Heligoland, and have covered 3800 miles. The Deutschland was built to stay under water for four consecutive days."

**Master of Craft Enthusiastic**  
He talked with the happiness and enthusiasm of a child and his eyes glittered as he related the principal events of the voyage.

"We went through the English channel in a fog," he said, "and on the night of the fourth day submerged and remained all night on the bottom." The Deutschland was entered formally in the United States customs without opposition.

**BRITISH ADVANCE CHECKED ON SOMME**  
Teuton Forces Succeed In Entering Trone Woods After Six Futile Attempts

(Concluded From Page 1.)  
and that they also took La Maisonnette farm and Barleux.

This last is in flat contradiction to the French report, announcing success in that section of the front.

In the Trone wood the fighting is still raging fiercely. The London official announcement last night said that the Teuton troops had succeeded in effecting an entrance to the British positions.

**Italians Repulsed**  
At the Italian front the reports tell of a renewal of the hot struggle of the last few weeks, and the Austrian reaction of the fighting say that the Teuton forces have repulsed a fierce attack of the Alpine forces between Brenta and Etach, where the Italians were compelled to fall back with the loss of 800 dead.

At the Verdun front the Germans are bombarding For de Terre Fleury and Fumay wood, and in the Vosges the French have repulsed three assaults on different points. In the Champagne the French report having launched a successful attack and the taking of five hundred meters of trenches.

**UNDERTAKING VEHICLE QUILTS ROAD: CAPSIZES**

After completely turning over on the road to Wahiawa, about a mile from Pearl City, Sunday afternoon, with little damage to the machine, and minor bruises inflicted upon August Pereira, the driver, Williams' undertaking vehicle was righted, pulled back to the road, and returned to Honolulu on its own power. Pereira received two nasty cuts on his hand from the broken wheel.

Wet roads are said to be the cause of the accident. The auto was a routine to Wahiawa for the body of Donald Kent, who died early Saturday morning.

**MEAT MAKES ACHY BACKS**

Meat eaters are apt to have weak kidneys and lame, aching backs. The kidneys are at work all the time, filtering uric acid out of the blood, and a heavy meat diet increases the production of uric acid so greatly that in time it is likely to overwork and weaken the kidneys.

A little meat is good, and athletes or others who do heavy physical exercise do not do so on a lot of it, but persons who work inside should cut down on meat as soon as they begin to feel heavy after eating, and are having backache, headache, dizzy spells, rheumatic pains, nervous troubles and irregular action of the kidneys.
